## EXHIBIT A

**Verizon Virginia Inc. and Cox Virginia Telcom, Inc.****DETAILED SCHEDULE OF ITEMIZED CHARGES<sup>1</sup>****A. VERIZON SERVICES, FACILITIES, AND ARRANGEMENTS:**

| <b>Service or Element Description:</b>                                 | <b>Recurring Charges:</b> | <b>Non-Recurring Charges:</b> |
|--|---------------------------|-------------------------------|
| <b>I. Reciprocal Compensation Traffic Call Termination<sup>2</sup></b> |                           |                               |
| Traffic Delivered at Verizon End Office                                | \$ .000927/MOU            | Not Applicable                |
| Traffic Delivered at Verizon Tandem                                    | \$ .001590/MOU            | Not Applicable                |
| <b>II. Unbundled Transport</b>   |                           |                               |
| <b>A. Dedicated Transport</b>  |                           |                               |

<sup>1</sup> Unless a citation is provided to a generally applicable Verizon Tariff, all listed rates and services are available only to Cox when purchasing these services for use in the provision of Telephone Exchange Service, and apply only to Reciprocal Compensation Traffic and local Ancillary Traffic. Verizon rates and services for use by Cox in the carriage of Toll Traffic shall be subject to Verizon's Tariffs for Exchange Access Service. Adherence to these limitations is subject to the audit provisions of this Agreement.

As applied to wholesale discount rates, unbundled Network Elements or call transport and/or termination of Reciprocal Compensation Traffic purchased for the provision of Telephone Exchange Service or Exchange Access, the rates and charges set forth in Exhibit A shall apply until such time as they are replaced by new rates as may be approved or allowed into effect by the Commission from time to time pursuant to the FCC Regulations, subject to a stay or other order issued by any court of competent jurisdiction

<sup>2</sup> See note 9 regarding measurement and calculation of Reciprocal Compensation Traffic Call Termination charges. See Section 5.7.7 regarding compensation for Internet Traffic.

| <b>Service or Element Description:</b> | <b>Recurring Charges:</b>                       | <b>Non-Recurring Charges:</b>   |

**XIX. Wholesale Discount for Resale of Retail Telecommunications Services<sup>5</sup>**

|  |        |
|--|--------|
| Resale of retail services if Cox provides own operator services platform | 21.30% |
|--|--------|

|  |        |
|--|--------|
| Resale of retail services if Cox uses Verizon operator services platform | 18.50% |
|--|--------|

<sup>5</sup> Excludes telecommunications services designed primarily for wholesale, such as switched and special exchange access service, and, subject to the Resale section of the Agreement the following additional arrangements that are not subject to resale: *limited duration (90 days or less) promotional offerings, public coin telephone service, and technical and market trials.* Taxes shall be collected and remitted by the reseller and Verizon in accordance with legal requirements and as agreed between the Parties. Surcharges (e.g., 911, telecommunications relay service, universal service fund) shall be collected by the reseller and either remitted to the recipient agency or NECA, or passed through to Verizon for remittance to the recipient agency or NECA, as appropriate and agreed between the Parties. End user common line charges shall be collected by the reseller and remitted to Verizon.

In compliance with the FCC Order approving the Merger of GTE Corporation and Bell Atlantic (CC Docket No. 98-1840), Verizon will offer limited duration promotional discounts on resold residential exchange access lines. The terms and conditions on which these promotional discounts are being made available can be found on Verizon's web site, at <http://www.gte.com/wise> for former GTE service areas and <http://www.bell-atl.com/wholesale/html/resources.html> for former Bell Atlantic service areas.

Available at Cox's tariffed or otherwise generally available rates.

**XI. Other Services  
Information Service Billing Fee**

\$0.03 per call                      No Charge

Note 9

## Reciprocal Compensation Traffic Call Termination Rates

## A. Charges by Verizon

- (a) Traffic delivered to or Verizon Access Tandem: \$.001590 per MOU.
- (b) Traffic delivered directly to terminating Verizon End Office: \$.000927 per MOU.

## B. Charges by Cox

## 1. Single-tiered interconnection structure:

Cox's rates for the termination of Verizon's Reciprocal Compensation Traffic under the single-tiered interconnection structure shall be recalculated once each year on each anniversary of the Effective Date (the "Rate Determination Date"). The methodology for recalculating the rates is as follows:

*Access Tandem Minutes* = Total minutes of use of Reciprocal Compensation Traffic delivered by Cox to the Verizon Access Tandem for most recent billed quarter.

*End Office Minutes* = Total minutes of use Reciprocal Compensation Traffic delivered by Cox directly to the terminating Verizon End Office for most recent billed quarter.

*Total Minutes* = Total minutes of use of Reciprocal Compensation Traffic delivered by Cox to Verizon for most recent billed quarter.

Cox Charge at the Cox-IP =

$$\frac{(\text{Access Tandem Minutes} \times \$0.001590) + (\text{End Office Minutes} \times \$0.000927)}{\text{Total Minutes}}$$

For the first year after the Effective Date, the Cox charge shall be calculated based on the traffic data of the quarter immediately preceding such Effective Date, or if no such traffic exists, on the proportion of local call termination trunks to Verizon End Offices and to Verizon Access Tandems.

## 2. Multiple-tiered interconnection structure (if offered by Cox to any carrier)

- (a) Reciprocal Compensation Traffic delivered to Cox Access Tandem: \$.001590/ MOU
- (b) Reciprocal Compensation Traffic delivered to terminating Cox End Office/node: \$.000927/ MOU

## C. Miscellaneous Notes

1. The Cox termination rate under the single-tiered interconnection structure set forth above is intended to be a Reciprocal Compensation Traffic call termination rate for Interconnection to the Cox-IP within each LATA that is reciprocal and equal to the actual rates that will be charged by Verizon to Cox under the two-tiered Reciprocal Compensation Traffic call termination rate structure described above that will apply after the first anniversary of the Effective Date. The single Cox termination rate is also intended to provide financial incentives to Cox to deliver traffic directly to Verizon's terminating End Offices once Cox's traffic volumes reach an appropriate threshold.

EXHIBIT B

NETWORK ELEMENT BONA FIDE REQUEST

1. Verizon shall promptly consider and analyze access to a new unbundled Network Element with the submission of a Network Element Bona Fide Request hereunder. The Network Element Bona Fide Request process set forth herein does not apply to those services requested pursuant to Report & Order and Notice of Proposed Rulemaking 91-141 (rel. Oct. 19, 1992) ¶ 259 and n.603 or subsequent orders.

2. A Network Element Bona Fide Request shall be submitted in writing and shall include a technical description of each requested Network Element.

3. Cox may cancel a Network Element Bona Fide Request at any time, but shall pay Verizon's reasonable and demonstrable costs of processing and/or implementing the Network Element Bona Fide Request up to the date of cancellation.

4. Within ten (10) business days of its receipt, Verizon shall acknowledge receipt of the Network Element Bona Fide Request.

5. Except under extraordinary circumstances, within thirty (30) days of its receipt of a Network Element Bona Fide Request, Verizon shall provide to Cox a preliminary analysis of such Network Element Bona Fide Request. The preliminary analysis shall confirm that Verizon will offer access to the Network Element or will provide a detailed explanation that access to the Network Element is not technically feasible and/or that the request does not qualify as a Network Element that is required to be provided under the Act.

6. If Verizon determines that the Network Element Bona Fide Request is technically feasible and otherwise qualifies under the Act, it shall promptly proceed with developing the Network Element Bona Fide Request upon receipt of written authorization from Cox. When it receives such authorization, Verizon shall promptly develop access to the requested Network Element, determine their availability, calculate the applicable prices and establish installation intervals.

7. Unless the Parties otherwise agree, the Network Element Requested must be priced in accordance with Section 252(d)(1) of the Act.

8. As soon as feasible, but not more than ninety (90) days after its receipt of authorization to proceed with developing the Network Element Bona Fide Request, Verizon shall provide to Cox a Network Element Bona Fide Request quote which will include, at a minimum, a description of each Network Element, the availability, the applicable rates and the installation intervals.

9. Within thirty (30) days of its receipt of the Network Element Bona Fide Request quote, Cox must either accept or reject such quote. If Cox rejects such quote, it may seek arbitration by the Commission pursuant to Section 252 of the Act. If Cox accepts such quote, then the Parties shall negotiate in good faith any additional terms and conditions regarding Verizon's provision of the Network Element that are not included in or inconsistent with the Network Element Bona Fide Request quote. Verizon may, but is not required to, provide such Network Element under the terms, conditions and prices (including, but not limited to, the terms and conditions defining the network element and stating when and where the network element will be available and how it will be used, and terms, conditions and prices for pre-ordering, ordering, provisioning, repair, maintenance and billing) that are set forth in an applicable tariff of Verizon (a "Verizon UNE Tariff"). In the absence of a Verizon UNE Tariff, prior to Verizon's provision of such Network Element, the Parties will negotiate in good faith an amendment to the Interconnection Agreement so that the Interconnection Agreement includes terms, conditions and prices for the Network Element (including, but not limited to, the terms and conditions defining the Network Element and stating when and where the Network Element will be available and how it will be used, and terms, conditions and prices for pre-ordering, ordering, provisioning, repair, maintenance and billing) that are consistent with Applicable Law.

10. If a Party to a Network Element Bona Fide Request believes that the other Party is not requesting, negotiating or processing the Network Element Bona Fide Request in good faith, or disputes a determination, or price or cost quote, or is failing to act in accordance with Section 251 or 252 of the Act, such Party may seek mediation or arbitration by the Commission pursuant to Section 252 of the Act.
